IMPORTANT TO FARMERS ! MOORE'S GRAIN DRILL. Latest Improvement. Patented 1850. I, S, DITMARS, CADIZ, O.,

AVING purchased the exclusive right to make and sell this DRILL in the counties of Harrison, Jefferson, Belmont and Carroll, is now prepared to receive orders from purchasers.

To those who are not acquainted with the use of the Drill, he will specify among its many advantages, those of saving in planting one half bushel to the acre, its producing at least from five to ten bushels more to the acre than by sowing in any other way, its preventing and protecting the grain from freezing out in the severest weather the cult way. the grain from freezing out in the severest weather, being the only means of insuring an abundant crop. It operates equally well on all kinds of land, and is not injured by coming in contact with rocks, roots, &c. It will plant point tows in all irregular shaped fields, without planting any part twice over. It will plant from 8 to 12 may part twice over. It will plant from 8 to 12 may part twice over. It will plant from 8 to 12 may be considered in this country. Come and see our Goods—the est remedies in the world for the great confident that the Petroleum is one of the acres per day with two horses, of any of the Hammers small grains, with a saving of one third of labor, Frying Pans leaving a ridge of earth between the rows. To Sad Irons those aquainted with planting in that way, he Broad Axes will say that this is the latest, best and cheapest improvement in sowing machines, hat it posseszes the most decided advantages over any other Drill Hand Axes that has yet been made. It will cost but \$60, a Tea Trays smaller size, \$50, which is considerably lower than other drills. Its benefits will exceed the most sanguine expectations of any farmer—the gain by using the Drill, over the old way of planting, on 30 acres, will more than pay for the Drill in one planting. It has received the riast and Sheep Bells Cross-cut and Mill Saws warranted PREMIUMS at Baltimore, October 25, 1850, at Philadelphia, and of all the other important Agricultural Societies. The best recommendations can be given from persons in the counties of this and other States where this Drill is now of this and other States where this Drill is now of the ringes (marked in use. A visit to the fields of Peter Thomas, Wheel Irons John Haverfield, Judge McFarland, and many Cellar.Door Fasteners others in Harrison county, who planted a part of their grounds with this Drill last tall, will satisfy Patent Ajusting Sadd any person of its great advantages. He deems it necessary to annex but a single certificate, one

from a well known citizen of Harrison county.

Caniz, Ohio, April 12, '51.

Stirrups, Sash Locks I planted last fall, with Moore's Patent Grain
Drill, rbout 10 acres in wheat, in which I saved
one-Ralf bushel of seed to the acre, and on which
10 acres, from present appearances I believe the
increase and difference in favor of the Drill, over
the old ways of planting, on the same kind of and,
will pay for the Drill. To test the utility of this,
I planted on the same ground in all the other difference ways, and that planted with the Drill will, I
am satisfied, from present appearances, produce

ANOTHER CURES-RHEUMATISM yields to PETROLEUM:

I feel my alt under a debt of gratitude to the proprietor of Petroleums-the use of which great medicine has entirely cured my wite of a violent attack of Rheumatism. Ste had labored under an attack of the disease about 2 months, suffering the most intense pages, the greater water. ing the most intense pans, the greater part of the time confined to her bed numble to do anything. The pain in the limbs was very great, attended with a great deal of swelling, the Petro-leum had a happy effect, for the first 2 or 3 appli-cations the swelling diminished and the pain left her. I continued to apply the medicine daily for two weeks, which cutively relieved her, and she is now as well as she ever was in her life. I feek confident that the Petroleum is one of the great

I take pleasure in certifying to the valuable properties of Mr Kier's Petroleum, for affections of the breast and lungs accompanied with severa pain and cough. I took the Petroleum in larger doses than is recommended in the directions. I took a large spaonful three times a day; at first I found it very unpleasant to take, but after taking it a few days I got to like it. I should like to have a barrel of it to use in my family, for I be-lieve it is a valuable medicine. The Petroleum produced no unpleasant sensation in the use of it. Wm. DAY, Pittsburg, Pa., Mar 16, '50. THERE IS NOTHING LIKE IT FOR BURNS

Bellefonte, Feb 21, 1850. Bellefonte, Feb. 21, 1850.

I got 3 doz. of Mr Kier's Petroleum of Mr Howcent stock of SPRING AND SUMMER
GOODS, selected recently with great care in the
Eastern cities, consisting of the most molern styles
of Ladies' and Geodemen's Ware. They invite
the attention of the public generally to examine
their stock, and judge by comparison of their
styles and prices.

Bellefonte, Feb. 21, 1850.

I got 3 doz. of Mr Kier's Petroleum of Mr Howell and I am disposed to think there is nothing
equal to it for burns; having burnt my hand and
expecting nothing less than a long tedious sore,
but I found no soreness at all from it, only leaving
a red scale without my soreness when pressed
upon; which quite surprised me. I therefore have
great faith in its efficacy so far, at least and will introduce it in this section. Very respectfully,

Mr S M Kier: -- Allow me to express to you my heartfelt thanks for the great benefit I have re ceived from an article called Petroleum or Rock occasion to use it about the 1st of January in a
